OFFICE OF THE MAYOR
CITY OF CHICAGO

LORI E. LIGHTFOOT
MAYOR

May 2021

Dear Graduates:

On behalf of the City of Chicago, congratulations on earning your degree! As you look back on your time at City Colleges—especially over the last year—I hope you are as proud of yourselves as I am of you all.

During a period that has tested all of us in unimaginable ways, you persevered, showing both determination and innovation. You built and strengthened skills that not only helped you stay on track with your studies, but that will benefit you for the rest of your lives.

Your stories are inspiring, and I have been honored to meet some of you to listen to them first-hand. From those that were born and raised in Chicago, to others who have come here from across the world and made Chicago your home, you represent the best of our city.

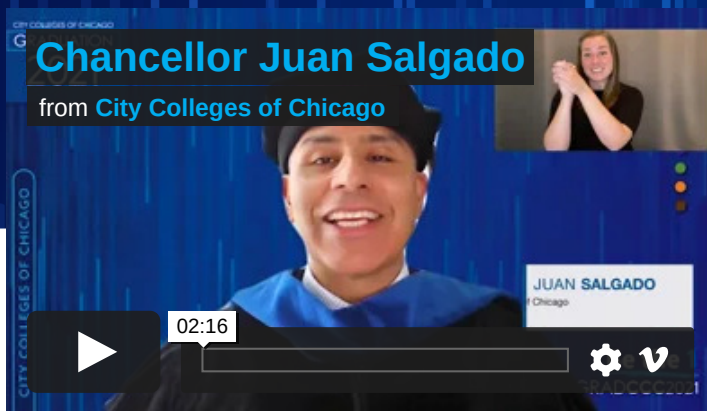

As we continue to build a more inclusive and equitable future for Chicago, it is your diverse backgrounds and perspectives that will help lead the way. You are part of a pipeline of talent that is transforming our city—and that transformation is more important than ever.

To all the graduates, I wish you well as you move on to your next step. Know that we are all proud of the work you have already done and look forward to all the good work you will do in the future.

Congratulations, Class of 2021!

Sincerely,

Mayor

Dear Graduates,

What an honor it is to share this moment with you. On behalf of the entire City Colleges community, I am so proud to congratulate you on earning your associate degree.

You now join a special group of Chicagoans—alumni who have graduated from one of our seven City Colleges. Our students and alumni define resilience, and that has never been more apparent than this year. Under the toughest of circumstances, you kept moving forward, and you reached your goal.

By investing in your education at City Colleges, you made a decision that will yield dividends for years to come. Continue to make the most of the relationships you have built during your time here. Please keep in touch with us, as a member of the City Colleges Alumni Association, so we can share your successes and inspire other Chicagoans to invest in their education, just as you did.

Whether you are transferring to a four-year institution or heading into the workforce, we will be cheering you on as you make your mark on our great city.

Congratulations, Class of 2021!

Sincerely,

Juan Salgado
Chancellor, City Colleges of Chicago

Dear Graduates,

Today, you have reached a major milestone—you have earned an associate degree from one of the seven City Colleges of Chicago. On behalf of the Board of Trustees, I want to congratulate our graduates.

Throughout my career in higher education, commencement is always one of the most memorable days of the year, and it continues to hold true today. What you have accomplished over the last year is truly a remarkable feat. You have met the rigorous demands of attaining an education while balancing the responsibilities of jobs, family, and living, all while navigating a pandemic.

I hope you will continue to bring the same flexibility and perseverance that you demonstrated this year to any challenges you face in the future. Move ahead with confidence, knowing that you are equipped and capable. You have put in the hard work, you set your goals, and now, you have succeeded.

As you move into the next phase of your development, you will take with you the many life lessons you learned here at CCC. I strongly encourage you to maintain your ties to this great institution and continue being an active member of the CCC family.

Class of 2021, your talent is abundant. Congratulations, graduates! I know that your friends and family are very proud of you. Remember graduation is not the end, but the beginning.

Sincerely,

Walter E. Massey, Ph.D.
Chair, City Colleges of Chicago Board of Trustees

HONORS

City Colleges of Chicago holds all of its graduates in high esteem. You may see special honor cords and stoles worn by some graduates and honors listed on the slides of students who have earned a special distinction. Here is an overview of those honors:

Honor cords (honors and high honors) consist of twisted gold cords with tassels. Graduates' slides will indicate "Honors" or "High Honors" to recognize their academic achievement.

VETERANS/MILITARY

 Veterans or active members of the armed forces may be wearing a red, white, and blue cord, and their slides will indicate "Military."

GATEWAY SCHOLARS/ADED

 Students may be wearing white cords, and their slides will indicate ADED, to recognize their achievements as members of the Gateway Scholars program. These students began their studies at City Colleges in the Adult Education program and have now completed their associate degrees.

PHI THETA KAPPA/PTK

 Phi Theta Kappa membership—a national honor society that acknowledges high academic achievement among students of 2-year higher education institutions—may be signified by a gold stole worn around the graduate's shoulders or the phrase PTK on their slide.

PSI BETA

 Psi Beta members may be wearing gold cords with blue and gold fringe, or their slides will indicate "Psi Beta." This recognizes graduates' membership in the national honor society for community college psychology scholars.

SARAH E. GOODE STEM ACADEMY

 Students may be wearing platinum cords to recognize their achievement as Early College students from Sarah E. Goode STEM Academy. These graduates earned their associate degrees while completing a rigorous high school program.

STAR SCHOLARS

 Star Scholars may be wearing a light blue cord, or their slides will indicate "Star," signifying that their hard work in high school allowed them to earn their associate degree at City Colleges at no cost—free tuition and books.

OVERVIEW OF CITY COLLEGES OF CHICAGO

Since 1911, City Colleges of Chicago has been connecting students from across Chicago's neighborhoods to economic opportunity. By offering a quality education at an unprecedented value, City Colleges provides our students and alumni a pathway to upward mobility.

In fact, our vision is to be recognized as the city's most accessible higher education engine of socioeconomic mobility and racial equity – empowering all Chicagoans to take part in building a stronger and more just city.

City Colleges graduates can be found working across Chicago – from the city's biggest hospitals to its boardrooms, from its high-tech manufacturing plants to its classrooms. They can be found serving the community as government officials, law enforcement officers, and teachers, and they are found launching their own businesses and taking leadership roles in the city's fastest-growing sectors—from information technology to the culinary and hospitality fields.

Nearly 70,000 Chicagoans each year are enrolled in City Colleges' educational programs—from tuition-free English as a Second Language (ESL) and General Education Equivalency (GED) to certificate and associate degree programs that prepare students with the skills to secure employment in high-demand careers after completion and support transfer to four-year colleges. About half of City Colleges graduates transfer after completion, with many heading to nationally-recognized colleges and universities.

Through each college's Center of Excellence, City Colleges works with industry leaders to ensure students are prepared to succeed in fast-growing fields, and provides students and alumni access to internships, apprenticeships, and job interviews with leading Chicago-area companies.

Hailing from every neighborhood, City Colleges students are as diverse as the city itself. As Illinois' largest community college system, City Colleges is comprised of seven independently-accredited colleges: Richard J. Daley College, Harold Washington College, Kennedy-King College, Malcolm X College, Olive-Harvey College, Harry S Truman College, and Wilbur Wright College, and five satellite sites: Dawson Technical Institute, Wright College Humboldt Park, Arturo Velasquez Institute, West Side Learning Center, and South Chicago Learning Center. The City Colleges system also includes the award-winning Washburne Culinary & Hospitality Institute, Sikia Restaurant, Child Development Centers, and radio station WKKC-FM 89.3.

City Colleges of Chicago is dedicated to ensuring students are prepared for success in the 21st century global economy. To read more about the success of students who made the smart choice to attend City Colleges, go online at: www.ccc.edu/success. To read City Colleges' strategic plans, go to: www.ccc.edu/strategicplan.
